CONSULTING

Share and manage content, knowledge, and applications to empower teamwork, quickly find information, and seamlessly collaborate across your organization, from anywhere, on any device.

Utilize Cloud-Based Productivity Solutions

Utilizing cloud-based productivity solutions brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive, Microsoft Teams, and SharePoint, Microsoft 365 lets anyone create and share anywhere on any device, securely.

Let Artic Consulting help you mobilize your workforce.

As a Microsoft Gold Partner, Artic can implement, deploy, and refine your business productivity tools.

Communication and Collaboration

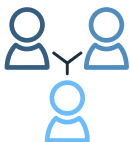

Make business more productive by helping organizations make informed and confident decisions by turning data into easy-to-understand visualizations that can be made available with just a click of a button.

Engage and inform your organization

SharePoint empowers teamwork with dynamic and productive team sites for every project team, department, and division. Share files, data, news, and resources. Customize your site to streamline your team's work. Collaborate effortlessly and securely with team members inside and outside your organization, across PCs, Macs, and mobile devices.

Build cohesion and inform your employees throughout your intranet. Drive organizational efficiency by sharing common resources and applications on home sites and portals. And stay in the know with personalized, targeted news on the web and the SharePoint mobile apps. SharePoint's rich content management enable your organization to maximize the velocity of knowledge

Harness collective knowledge

Minimize errors and simplify processes through automation that integrates systems and data. Artic will work with your organization to establish and deploy automation on error-prone, repetitive processes that ensure less errors, less rework, and more time to focus on productivity.

Continuous updates

Office 365 is the last upgrade you'll need. You'll get automatic incremental updates so you are always up-to-date. You also get cloud-based services such as business-class email, web conferencing, online file storage that will help your employees get more done and work together more effectively.
